ABOUT US

Who we are

We develop and manage property, and we run vacation rentals for landlords who want professional oversight without the daily work.

We manage our own properties and offer full-service short-let management to landlords, maximising rental income and protecting the asset.

£1M+
generated from development and management

27
properties managed

3 regions
Europe · UAE · Caribbean

THE SERVICE

How management works

1

Property setup

We assess, list and professionally market your property.

2

Guest handling

We manage bookings, screen guests and handle check-in and check-out.

3

Cleaning and upkeep

Regular cleaning and maintenance are included.

4

Income and reporting

Monthly revenue reports with direct payments to you.

5

Simple pricing

We charge 20% of each booking’s revenue.

OUR PLATFORM

Technology that runs your property

Novourq Cloud AI

Drafts guest replies and tasks around the clock. Anything that matters is approved by a person before it sends.

Novourq Voice

Our team can speak to the platform to find a booking, open a property or pull up a report.

Live property map

Every property on one map, coloured by status: let, vacant, rent behind, certificate due.

3D floor plans and walk-throughs

Floor plans turned into a 3D model, so your property can be shown to guests and buyers before they visit.

Digital guest check-in

Guests complete ID and signed terms online. Deposits are released or claimed from one screen.

Automatic reminders

Rent, certificates and check-in links are chased for you, so nothing is missed.

YOUR OWN LOGIN

Your landlord portal

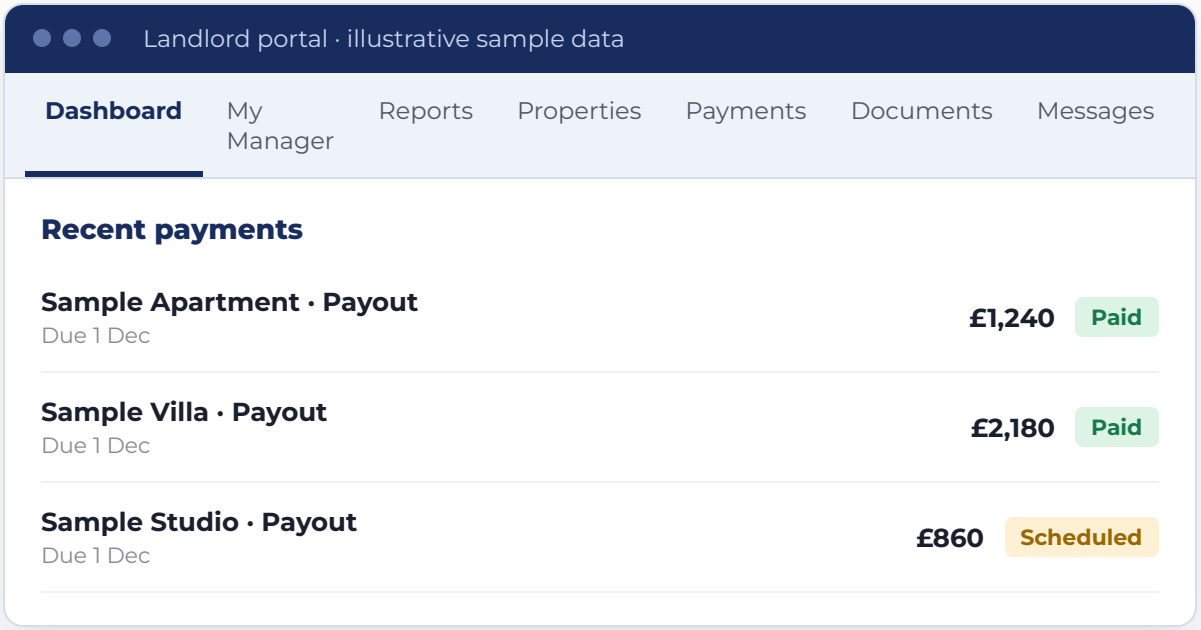

Illustration with sample data, not a real account.

Everything about your property in one secure place, any time, on any device.

- See what you have earned and when it is paid
- Read your monthly reports without asking
- Find your agreement, certificates and ID in one place
- Message your manager directly
- Download or correct the information we hold on you

PORTAL FEATURES

How the portal helps you

Reports

Monthly income and occupancy reports land in your portal as soon as they are ready.

Payments

Every payout and charge listed with its due date and status, so nothing is a surprise.

Properties

Each of your properties with its status, tenant or guests and key details.

Documents

Your agreement, certificates and ID stored securely and always to hand.

Utilities

Bills and meter readings tracked, so running costs are visible.

Messages

Ask your manager a question and keep the answer on record.

My Manager

Know exactly who looks after your property and how to reach them.

My Data

See, download or ask us to correct the information we hold about you.

OUR DASHBOARD

Your portfolio on one dashboard

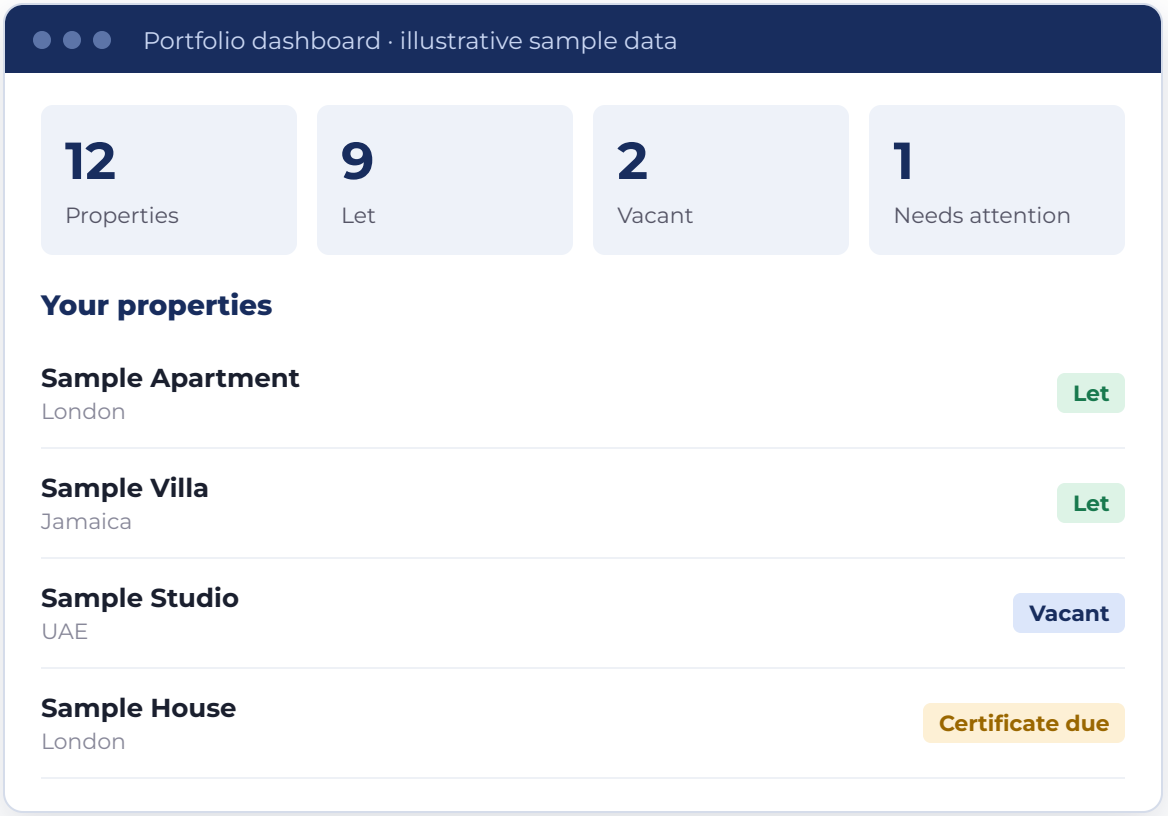

Illustration with sample data, not a real account.

We see your whole portfolio at a glance, so problems are caught before they cost you.

- Every property's status: let, vacant, rent behind, certificate due
- A live map across the UK, Jamaica and the UAE
- Bookings, payments and activity in one feed
- Alerts for expiring certificates and late rent

AI-BACKED MANAGEMENT

Managed by people, backed by AI

Novourq Cloud AI does the watching and the paperwork. Our team makes the decisions.

1

Watch

The AI keeps an eye on bookings, payments, certificates and messages across your portfolio, all day and night.

2

Draft

It prepares guest replies, reminders and reports, so the answer is ready when your team opens it.

3

Approve

Anything that matters is checked and approved by a person before it goes out. Nothing important is left to a machine alone.

4

Report

You see the result in your portal: income, occupancy and what was done on your behalf.

WHY NOVOURQ

Benefits to landlords

1

Higher rental income

Short stays can earn more than a traditional long-term let.

2

Hassle-free

We handle guests, bookings, cleaning and maintenance.

3

Property protection

Regular inspections and professional upkeep.

4

Clear reporting

Monthly statements for income and occupancy.

5

Flexible

Choose your availability, pricing and level of involvement.

FAQ

Common questions

Do I still have access to my property?

Yes. You keep full access whenever you need it.

What if there is damage?

Guests are screened and properties are insured. We handle any issues promptly.

How much does it cost?

We charge 20% of each booking’s revenue. No set-up surprises.

Who handles cleaning and maintenance?

Our team arranges professional cleaning and coordinates repairs.

Do you handle taxes and compliance?

We keep bookings within local regulations and handle the reporting we are responsible for.

How quickly can my property start earning?

Once listed, properties can start earning within days, depending on demand.

NEXT STEPS

Getting started

1

Free property assessment

We assess your property's rental potential and recommend how to maximise income.

2

Custom projection

A clear estimate of what your property could earn as a short-let.

3

Listing and marketing

High-quality photos, optimised descriptions and dynamic pricing.

4

Choose your service

From full-service to partial support, you decide.

5

Start earning

Once live, you get ongoing support and reporting.

Let’s put your property to work.

Book your free property consultation.
